

And We Are Not Saved: An Exploration of Faith, Loss, and the Search for Meaning in a Modern World

And We Are Not Saved is a novel by Anne Lamott that explores the themes of faith, loss, and the search for meaning in a modern world. The novel tells the story of a young woman named Grace who is struggling to come to terms with the death of her mother. Grace is a lapsed Catholic, and she has always had a difficult relationship with her faith. After her mother's death, she begins to question her beliefs and to search for something to fill the void that has been left in her life.

Grace's journey takes her to a variety of different places and people. She meets a group of recovering addicts, a Buddhist monk, and a Jewish rabbi. She reads books about religion and spirituality, and she attends church services and meditation classes. Through all of these experiences, Grace begins to learn more about herself and about the world around her. She comes to understand that there is no one right way to believe, and that everyone must find their own path to meaning and purpose.

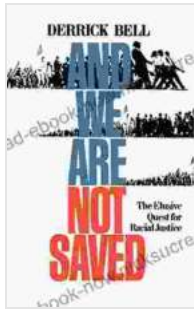

In the end, Grace does not find all of the answers that she is looking for. But she does find a new sense of peace and acceptance. She learns to live in the present moment, and to appreciate the beauty of the world around her. She also learns that even in the darkest of times, there is always hope.
