If you're looking for a fun and easy way to impress your friends, look no further than the Card Stats card magic trick for Amazon Alexa. This trick uses Alexa's built-in card system to create a unique and interactive magic experience that is sure to amaze your audience.

To perform the trick, you will need the following:

- An Amazon Echo device with Alexa enabled
- A deck of cards
- A friend or family member to be your assistant

Once you have everything you need, you can follow these steps to perform the trick:

1. Open the Alexa app on your phone or tablet.
2. Tap the "Skills" tab.
3. Search for "Card Stats" and tap on the skill.
4. Tap the "Enable" button.
5. Once the skill is enabled, say "Alexa, open Card Stats" to start the game.
6. Alexa will ask you to choose a card from the deck. Once you have chosen a card, tell Alexa the name of the card.
7. Alexa will then ask you to place the card face down on the table.
8. Your assistant will now take the deck of cards and shuffle them.
9. Once the deck is shuffled, your assistant will place the deck face down on the table.
10. Alexa will now ask you to guess the card that you chose. If you guess the card correctly, Alexa will congratulate you and reveal the card that you chose.
