

It Started at the Savoy: A Review of Agatha Christie's Classic Mystery Novel

Agatha Christie's *It Started at the Savoy* is a classic mystery novel that follows the investigation of a murder at the Savoy Hotel. The novel features Hercule Poirot and introduces the character of Ariadne Oliver.

The novel begins with the discovery of a body in the Savoy Hotel. The victim is identified as Mary Gerrard, a young woman who was staying at the hotel with her husband. Poirot is called in to investigate the murder, and he quickly determines that it was not a suicide, as the police initially believed.

Poirot interviews the hotel staff and guests, and he soon learns that Mary Gerrard was not who she seemed. She was actually a jewel thief who was using the hotel as a base of operations. Poirot also learns that Mary Gerrard was having an affair with a man named Count de la Rochefoucauld.
