About the Book

Memoir of Iran America: My Struggle to Freedom is a book by Mahnaz Afkhami, an Iranian-American scholar, activist, and former Minister of State for Women's Affairs in Iran. The book tells the story of Afkhami's life and work, from her childhood in Iran through her exile in the United States.

Afkhami was born in Tehran, Iran, in 1943. She grew up in a wealthy and privileged family, but she was also exposed to the social and political injustices that were rampant in Iran at the time. She became involved in political activism at a young age, and she was eventually forced to flee Iran after the Islamic Revolution in 1979.

Afkhami came to the United States as a refugee, and she has since become a leading advocate for women's rights and human rights. She has worked with the United Nations, the World Bank, and other international organizations to promote gender equality and social justice.

In her memoir, Afkhami tells the story of her personal and political journey. She writes about her childhood in Iran, her experiences as a political activist, and her work in the United States. She also discusses the challenges she has faced as a woman and as an Iranian-American.

Memoir of Iran America is an inspiring story of courage, resilience, and hope. Afkhami's journey is a testament to the power of one person to make a difference in the world.
